Reference No.: 42898

Brush Deburring Machine

Brand: WEBER
Model: NLCA-350 DPPP
YoM, approx.: 2017 used
Reconditioned:
Controls: PLC SIEMENS

specifications through feed grinding machine

Working width: 300 mm
automatic feed with belt conveyor:
yes
number of brushing station: 3

transportation belt

feedstock transport direction: left
to right
width: 300 mm

Electrical specifications

total power consumption: 26 kW
mains voltage: 400 V
mains frequency: 50 Hz

Additional Information:

Throughfeed grinding machine with 3 planetary brush heads.
Machine frame made of stainless steel.
Cooling lubricant tank with filtration.
Conveyor belts.
Demagnetisation.

First station in throughfeed direction free, belt grinding device can be upgraded

Machine has 3080 hours power-on only.

Ready for demonstration under power
