

Data Sheet

Reference No.: 51562

Vibratory Deburring Machine

Brand: OTEC
Model: SF
YoM, approx.: 2022 used
Reconditioned:
Controls: CNC controls SIEMENS S7

Electrical specifications

mains voltage: 400 V
mains frequency: 50 Hz

Dimensions / weights

total weight approx.: 2550 kg

Additional Information:

Stream finishing machine with robot loading
for processing watch parts
with a dry polishing process

- Automatic loading from the right
- 3 workpieces weighing up to 2 kg
- One lifting unit for each workpiece
- Media capacity: approx. 220 liters
- High-quality machine enclosure
