

Data Sheet

Reference No.: 51950

Conveyor (roller hearth) Furnace

Brand: TENOVA LOI
Model: RODR 6500
YoM, approx.: 2015 used
Reconditioned:
Controls:

Characteristics Heat Treatment Equipment

operation modus: continuous
heating method: gas
temperature min.: 400 °C
temperature max.: 980 °C
throughput, capacity: 6500 kg/h

Heat Treatment Compartment / Zone

heat treatment process: annealing
length: 30000 mm
width: 2000 mm
Height: 300 mm

Heat Treatment Compartment / Zone

heat treatment process: kühlen
length: 64625 mm
width: 200 mm
Height: 300 mm

Dimensions / weights

space requirements -left/right-: 135400 mm

Electrical specifications

mains power supply: 210 kVA
