Additional Information:

MAFI SF-Batt 25t electric platform truck (built in 2006), with radio remote control

Load capacity with coil prism)	25 tonnes (16 tonnes
Loading area	3000 x 2200 mm
Height of loading platform with prism)	900 mm (1180 mm
Gradeability	3 % at full load
Dead weight	5 tonnes

This robust heavy-duty vehicle is suitable for the internal transport of loads up to 25,000 kg and impresses with its versatility.

Equipped with

- Coil prism with plug-in stanchions for coils weighing up to 16 tonnes
originally designed for coil transport, but also suitable for other loads
- Radio remote control for convenient operation from a safe distance
- Speed 0-25 m/min continuously adjustable
- Tight turning radius of 4200 mm due to hydraulic axle steering
- Powerful electric drive for emission-free, low-noise operation.
