

Data Sheet

Reference No.: 56341

High performance sawing centre

Brand: RSA
Model:
YoM, approx.: 2001 used
Reconditioned:
Controls:

Feedstock Tube

external diameter min.:	10 mm
external diameter max.:	101 mm
length min.:	150 mm
length max.:	3000 mm

Electrical specifications

mains voltage:	400 V
mains frequency:	50 Hz

Dimensions / weights

space requirements -left/right-:	17200 mm
space requirements -front/back-:	5930 mm
total weight approx.:	13000 kg

Additional Information:

Cutting + brushing + automatic measuring +
automatic washing and drying + automatic drying

- Number of hours: 25.833
- Automatic loader for master tube bundles up to 8000 mm.
- Square tube diameters: 10x10 up to 100x100mm

Process: The mother tube, up to 8 meters long, is automatically loaded into the cutting unit, where it is cut to the specified length. It then automatically passes to the deburring unit, followed by the measuring unit, which rejects pieces outside of tolerance and allows the acceptable pieces to proceed to the washing and drying unit. Finally, the pieces are stored in an automatic collection system.
